Water Projects Support Theme Of JFK's Talk

President Speaks In Montana; Tour Of West Continues

GREAT FALLS, Mont. (AP)—President Kennedy, fighting hard for voter enthusiasm in the Rocky Mountain region, argued today that his administration has gone all-out for water resource projects.

Swinging into the third day of his 10,000-mile Western speaking tour, Kennedy plugged for his water projects after making an emotional foreign policy address late Wednesday at Billings, Mont., before spending the night in Grand Teton National Park, in neighboring Wyoming.

Kennedy flies to Great Falls from Grand Teton today before winging into Washington and Utah. But even before he left Grand Teton, the traveling White House made public the prepared text of his Great Falls talk.

In an obvious bid to whip up support in the water-conscious West, which voting returns indicate has become increasingly conservative, Kennedy recalled that in the 1960 presidential campaign he pledged "a reversal of the policy of 'no new starts.'"

Kennedy said that by mid-1964 "we expect to have approved new construction starts on a total of 211 water resource projects and 182 watershed projects" costing about \$4 billion.

This was a direct assault on the Eisenhower administration which, for budgetary reasons, at one point proclaimed a policy of "no new starts" on costly multipurpose water projects involving power, reclamation, recreation and flood control.

Kennedy also noted that in a Great Falls speech three years ago he promised "we would devote the benefits of public resources to the public good—that we would not permit them to be developed for the sole benefit of special interests."

In this context, he said that "in the past three years there have been no Hells Canyon blunders"—a reference to the fact that the Idaho Power Co. was licensed during the Eisenhower administration to build three low dams on the Snake River between Idaho and Oregon—in contrast to one federally financed high dam recommended by the Army Corps of Engineers.

At Billings Wednesday, Kennedy preached an anti-isolation sermon to a populace that has caused increasing worry to Montana's two Democratic senators, Mike Mansfield and Lea Metcalf. Mansfield, the Senate Democratic leader, will stand for re-election next year.

Kennedy started out with a stout defense of the Senate-ratified partial nuclear test-ban treaty, "not because we are going to be easier in our lives, but because we have a chance to avoid being

Physician 30 Years to Retire Monday

Lisbon Honors Doctor Egli

By ETTA MAE ALEXANDER

LISBON — Dr. Edwin B. Egli of W. Lincoln Way, prominent local physician-surgeon who distinguished himself in the Army during World War II, will close his office Monday to begin a life of retirement in Florida. He has practiced here for 30 years.

He and Mrs. Egli, who plan to move to Fort Lauderdale, Fla., were honored at a testimonial dinner by the Lisbon Rotary club Tuesday at the Hotel Wick. Charles Webber, club president, presided at the meeting.

George M. Nace Jr., principal of David Anderson High School, introduced James Kennedy, choral director, who presented a girls quintet composed of Beverly Webber, Cynthia Gibson, Jayne McRide, Jennifer Mason and Dawn Richardson. They sang several selections, including, "For He's a Jolly Good Fellow", joined in by the Rotarians, in honor of the doctor.

Atty. Richard Kennedy presented Dr. Egli with a plaque, following a review of his life.

DR. EGLI was born in Iowa and following his graduation from Onawa High School, enlisted in the army in World War I. He served in England with a field hospital.

In 1924 he was graduated from George Washington University, with a bachelor of arts degree,

DR. EDWIN B. EGLI

and received his doctor of medicine degree from Yale Medical School in 1928. He did post-graduate work in surgery on a fellowship at Western Reserve University.

Valachi To Testify Before Senate Crime Committee

WASHINGTON (AP) — Joseph Valachi, the talking mobster, comes out of hiding today and travels to Capitol Hill for a private talk with senators investigating the Black Hand of the Mafia.

The star witness' appearance at the closed session was billed as a rehearsal for his testimony Friday when he gets his chance to put the finger publicly on his former bosses in the crime syndicate.

And a strong police escort will be on hand to make certain his debut on Capitol Hill won't be his swan song.

Reputedly the ruling commission of La Cosa Nostra has put a \$100,000 price on his head.

Police believe any member of the syndicate could collect the bounty by killing the 60-year-old convicted dope peddler and murderer.

The Senate Investigations subcommittee arranged today's session to give its members a chance to appraise the story Valachi is expected to tell of brutal murder, crime for profit and terrorism.

Chairman John L. McClellan, D-Ark., already has heard the story in two interviews with Valachi.

McClellan said he saw Valachi Tuesday and that he appeared to be in good spirits and eager to testify in revenge against syndicate leaders for having ordered him slain as a stool pigeon.

The subcommittee is exploring the affairs of a nationwide crime syndicate known to its members as La Cosa Nostra, and to others as the Mafia or Black Hand. Reputedly, a paper is burned in the hand of a new recruit to the secret criminal society as he takes

an oath of secrecy and vows to obey any order without question.

Deputy Chief Inspector John F. Shanley of the New York City police testified Wednesday that to his knowledge Valachi is the first Cosa Nostra member who dared to abandon the credo of silence in the presence of police.

Shanley said police wiretapping, authorized by a New York law, has turned up evidence the syndicate is deeply upset by Valachi's decision to talk.

Atty. Gen. Robert F. Kennedy, Wednesday's first witness, appealed for new laws to legalize police telephone wiretapping and to permit his office to clothe the "less culpable" members of a conspiracy with immunity from prosecution and thus compel them to testify against the higher-ups.

The idea is to destroy their right to invoke the Fifth Amendment privilege of refusing to give self-incriminating testimony.

Tots' Teacher Tiny

Four-Foot Tall School Marm Has Discipline

DARRINGTON, Wash. (AP) — One boy, clutching his mother's hand, looked the teacher in the eyes and asked: "How come you are so little?"

"I'm as big as you are," said the little teacher as the mother blushed. "Aren't we going to have fun?"

Fun is one of the nice things about being a first-grader here, but there is always order and respect, when Miss Groenvelde mounts her kitchen stool—she calls it "my throne"—the class falls silent. Darrington School District officials believe they have found themselves a gem in their new teacher.

"I can really say that I've never wished that I were tall," says Miss Groenvelde.

"My parents always emphasized that I would have to make my own way without depending on people feeling sorry for me."

After graduation from Seattle Pacific College she came to Darrington out of choice—she was born here, although she grew up in Everett.

Throughout the school she is known as "the little lady." Pupils from the upper grades often drop by to help her with physical tasks, such as posting bulletin board material.

"The thing that matters when people look differently at you," she says, "is how you, yourself, take it."

"If people are going to laugh, I'll laugh with them."

Tax Cut Measure Is Sent to Senate

House OK's Bill 271-115

WASHINGTON (AP) — The House has passed President Kennedy's \$11-billion tax cut bill by a 271-115 vote, handing him one of the biggest legislative victories of his administration.

The battleground immediately shifts to the Senate, where administration forces already have launched an all-out drive for passage this year. The prospects are highly dubious.

If the Senate should approve the bill in its present form, ultimate reduction would range between \$100 and \$200 a year for most tax-paying families—more in the upper brackets.

The bill won the votes of 223 Democrats and 48 Republicans in the House roll call late Wednesday which capped two days of debate. Opposing passage were 126 Republicans and 29 Democrats.

Just before passage, the Democrats turned back, 224-199, a Republican-backed move to cancel the tax cut unless the President cut back spending below the present rate.

The outcome was a special triumph for Rep. Wilbur D. Mills, D-Ark., chairman of the Ways and Means Committee, who led the fight to prevent defections by Southern Democrats on the show-down votes.

The \$11-billion reduction, largest in history, would be shared by practically all U.S. taxpayers. Both individuals and corporations would benefit.

Kennedy has called the measure the keystone of his economic program. He has made it clear the administration has placed its hopes on solving the gnawing unemployment problem through increased spending resulting from the tax cut.

Senate Democratic leaders voiced strong confidence they have the votes to pass the bill eventually. It will remain alive in 1964 if it fails to get through this year.

But the administration is pushing hard for 1963 passage so that the new reduced withholding can take effect Jan. 1. As the House passed the measure, two-thirds of the benefits for individuals would be effective at that time.

The drive for fast Senate action puts the spotlight squarely on Sen. Harry F. Byrd, D-Va., Finance Committee chairman, who opposes

No Move Yet By Russia In Wheat Deal

WASHINGTON (AP)—In all the hub-bub over a possible sale of U.S. wheat to the Soviet Union, at least one element is officially lacking: The big buyer.

Czechoslovakia, a member of the Soviet bloc, has approached the United States on the chance of a wheat deal. But Agriculture and State Department officials insist that the Soviet Union itself has made no move, either directly or indirectly.

However, action of President Kennedy in requesting two House committees to discuss the matter with two Cabinet members today was open to the interpretation that the government had knowledge that an offer was on the way.

The House Agriculture and Foreign Affairs Committees will go over the matter with Secretary of Agriculture Orville L. Freeman and Secretary of Commerce Luther H. Hodges.

Two farm-minded senators—Hubert H. Humphrey, D-Minn., and George T. Aiken, R-Vt. — told newsmen they had heard from commercial and private trade sources that the Communists want to buy as much as 200 million bushels of wheat and a quantity

Mrs. Harold Husted Is Victim

Columbiana Area Motorist Is Killed

A 37-year-old New Springfield woman was killed when her auto plunged into a culvert Wednesday at 12:30 p.m. after colliding with another auto on the Beaver-New Springfield Rd., 1.5 miles south of Rt. 165.

The victim, Mrs. Miriam S. Husted, was driving north on the Beaver-Springfield Rd. when she struck an auto operated by Ronald Seybert, 28, of RD 1, New Springfield, the Highway Patrol at Canfield said. The woman's auto then struck a mailbox and crashed into the concrete culvert.

She was pronounced dead at Youngstown South Side Hospital.

The driver of the other auto escaped injury, said Patrolman Paul L. Grimes, the investigating officer.

Mrs. Husted died of multiple injuries, including a crushed chest, fractured skull, compound fracture of the left arm and both legs and multiple lacerations, Mahoning Coroner David Belinky said. She expired in the hospital emergency room at 1:40 p.m.

Grimes and aides had to pry the body from the wrecked auto.

Mrs. Husted was born May 9, 1926 in Warren, the daughter of Harold and Louise B. Hosfield Stewart. She lived in the New Springfield area the past 10 years.

She was a member of the Columbiana Methodist Church, Columbiana Chapter of the Order of Eastern Star, Columbiana Music Study Club and the Women's Auxiliary of the Mahoning Valley Society of Professional Engineers.

She graduated from Howland High School in 1942 and attended Hiram College.

She and her husband, Harold Husted, were married Feb. 9, 1947, in Johnston, O.

Surviving are her husband; two sons, Robert and Norman, and a daughter, Nancy; her parents in Cortland, and a brother, William

Salineville Couple Hurt In Accident

Two Salineville area persons were hurt Wednesday at 6:45 p.m. when their auto was struck almost head-on by a car driven by William B. Hagan, 22, of RD 1, Hanoverton, who was driving south on County Road 406, a half mile south of Hanoverton.

Alice Marie Richards, 49, of RD, Salineville, suffered a bruised arm and leg, possible fractured ribs and whiplash. She was a passenger in a car driven by Harley F. Richards of RD, Salineville, who was cut on the scalp. They were treated at Salem City Hospital.

The Lisbon post of the State Highway Patrol said Hagan rounded a curve on the wrong side of the road. He was cited for driving left of center.

Cars driven by Seward E. Williams, 48, of RD 3, Lisbon, and Carol Shablesky, 22, of Koppel Pa. sideswiped Wednesday at 5:40 p.m. on narrow Township Road 951, a half mile north of Negley, when Williams tried to squeeze through. He was cited for driving left of center.

Clifford Jackson, 43, Youngstown trucker, escaped injury Wednesday at 2:30 p.m. when traveling south on Route 170, a mile north of Unity, he failed to negotiate a curve and rolled over

Pay That Parking Ticket, Is Warning

Police Chief Martin Lutsch has taken a "get tough" policy with some 200 motorists who are delinquent in paying for parking tickets dating back to April.

"We will issue warrants to these persons if they do not settle up and they will be faced with paying \$25 rather than the \$1 they owe," the chief warned.

Some of the parking violators, who are chiefly local people, have been mailed their second notices to make payment.

Poke In the Jaw

By PETER EDSON

The great American proclivity to sock somebody in the jaw when things don't go right is so strongly developed that it is recognized world-wide as a national characteristic.

It is particularly pronounced when the fellow who ought to get slapped is smaller than the one who wants to throw the punches.

This explains why some members of Congress want to cut off all aid to little South Vietnam until President Ngo Dinh Diem kicks his brother Ngo Dinh Nhu out of office and makes him stop harassing the Buddhists.

It also may explain why Sen. Barry Goldwater wanted to tie a delayed ratification amendment into the test ban treaty until the Russians get clean out of Cuba.

THIS PROPOSAL not only was intended to get even with Premier Fidel Castro, but also with Russia's Nikita Khrushchev.

It explains the barrage of verbal brickbats being tossed in the path of Yugoslavia's Marshal Tito, to welcome him on his visit to America in October.

Other international characters Americans have from time to time wanted to see socked are President Gamal Abdel Nasser of the United Arab Republic, Prime Minister Nehru and his retired friend, H. V. Krishna Menon, of India, President Sukarno of Indonesia, Mao Tse-tung and the whole hierarchy of Red China, of course.

There are times, even, when President Charles de Gaulle of America's oldest ally—France—has seemed to warrant on his forthcoming U.S. visit a welcoming kick on the shins.

THE POWERFUL United States, of course, could lick any or all of these individuals and their countries.

Yet the U.S. makes no move to overthrow any of these national leaders, either by force or by shutting off its aid. Because that doesn't work.

One of the arguments frequently cited by hot-headed Americans is that country ought to follow the example of the Russians in forcing

weaker nations to toe a given line.

The Russians did use force to suppress the rebellious workers of East Germany in 1953 and the revolutionary movement in Hungary, 1956.

But in both these instances the Russians had divisions within easy marching distance to suppress the rioters and keep them under control. In the area more remote from Russian tanks, the Soviet has had no better luck than the United States in making upstarts say "Uncle."

THE FIRST TO BREAK with Russia was Tito, when he pulled out of the Comintern in 1948. Russia retaliated by boycotting Yugoslavia. When the West stepped into the gap and Yugoslavia showed signs of progress without Russian assistance, it was Khrushchev himself who went to Tito and arranged a reconciliation by diplomacy, not force.

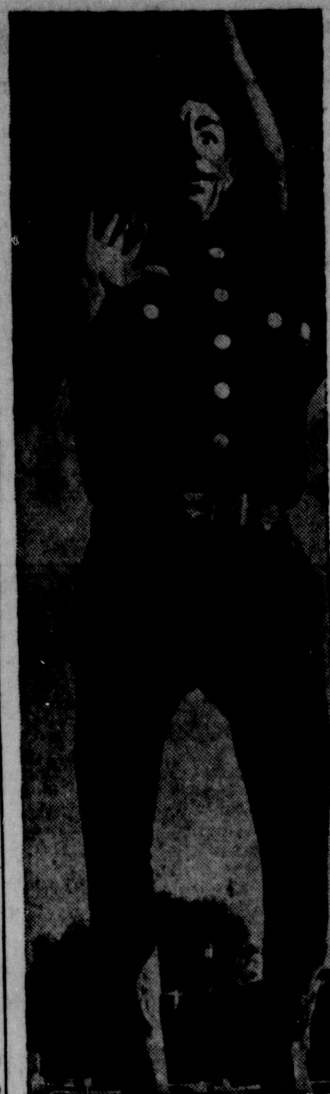

Though Russia had a submarine base in little Albania, her Communist First Secretary General Enver Hoxha did not hesitate to tell Khrushchev to his face in Moscow that he was a traitor to Marxism and Stalinism. Though the Russians have ranted at Hoxha, he continues to thumb his nose at them and gets away with it.

Similarly, little Cuba, 5,000 miles from Moscow, has been able to defy big Russia on some things. Though the United States—90 miles away—forced Russia to withdraw its missiles from Cuba, Castro adamantly refused to allow U.N. inspectors to verify the dismantling of bases, as proposed by Khrushchev.

Russia's limitation also were exposed in the Congo, where its missions were expelled by Gen. Joseph Mobutu, in Laos where it has not been able to force the Pathet Lao Communists to support the neutralist Premier Prince Souvanna Phouma, and in Red China, where Mao again is leading his impoverished party on another long march of defiance. The much stronger Soviet Union seems helpless to do anything about it but complain.

Charge Plate Shuffle

By ISADOR BARMASH

Automation in retailing, still a new baby and capable of wayward pranks, may eventually spell the end of some traditional store practices. For one thing, it probably will kill the community charge plan and lead to many more individual charge plates, possibly one for each unrelated store.

Already in cities such as Chicago, St. Louis and Pittsburgh, the use of electronic data processing has led to a reshuffling of charge plates. An effort is being made to work out a common charge identification plate, but there are some real problems involved.

Since EDP (electronic data processing) operates strictly by numerical billing, conversion is necessary from the name configuration of most current charge plates.

When several stores are engaged in a joint charge plate program, it is essential that when one adopts EDP the conversion from name to figure identification involves all sponsoring stores—and this is where the rub comes in.

There are several types of numerical systems—the straight serial number; the "alpha numeric" system, in which large numbers are allotted to each letter of the alphabet, leaving the last three digits open to allow addition of new charge customers, and the "block numeric" system, in which the first digit (or digits) in each case applies to a letter of the alphabet.

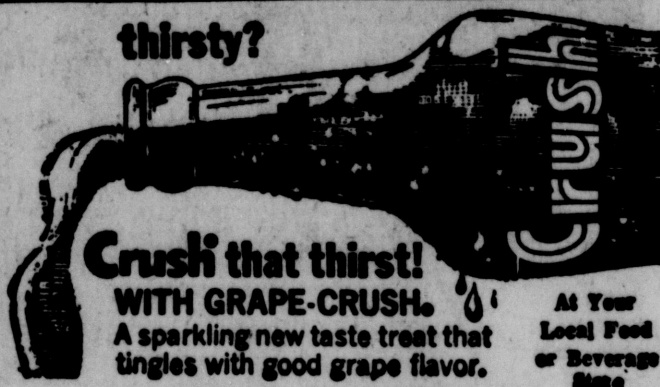

Agreement on the one system would not be difficult among stores which have to convert, but there is the additional problem of converting charge plates, which costs stores from 26 cents to 50 cents apiece.

There also is the fact that some stores involved in a joint plan are reluctant to shift to any but one of the types of numerical systems that have proved most convenient for them.

The problem remains in its early stages because many stores are still in manual rather than automated operations on their credit billings and accounting procedures. But the trend toward EDP is growing.

In New York, eight major stores have a common charge plan and one has already issued its own separate plate.

Chains with national operations would not be affected by this particular problem. Some of these have their own charge plates and credit cards, which can be used in any one of their units throughout the country.

Crime Is Biggest Business In U.S., Official Claims

CINCINNATI (AP)—The biggest business in the United States is organized crime, which takes in about \$22 billion a year, says a Justice Department official.

William Fowler Jr., special assistant to the U.S. attorney general, told a group of law enforcement officials that crime has "woven itself into the fabric of the republic." He said no legitimate business takes in as much as the racketeers and mobsters.

Fowler described big-time crime as a national cartel with international connections and said the only way it could be fought was by arousing the people.

As an example, he pointed to Newport, Ky., just across the Ohio River from Cincinnati.

Newport was one of the places mentioned by Atty. Gen. Robert Kennedy in testimony before a Senate Subcommittee as one of the places where organized gambling and prostitution were wiped by local reformers helped by the federal government. Newport's casinos shut down in late

1961 after a reform-minded sheriff won in a bitterly-contested election.

Rep. Vinson Wants a Showdown

Rep. Carl Vinson of Georgia has pushed the civil rights issue one step closer to a showdown between the federal government and intransigent Southerners.

The long-time and deeply respected chairman of the House Armed Services Committee has called on Congress to make it a court-martial offense for any U.S. service man to obey a Defense Department order to stay out of areas that practice "relentless discrimination" against Negroes.

This is a peremptory challenge to the authority of the executive department of the federal government. It has been issued by a Southern legislator in an attempt to secure what would amount to a vote of no confidence in the Kennedy administration.

It is unthinkable that Congress would vote for the Georgian's proposal but Rep. Vinson has thrown down a gauntlet so insultingly that Defense Secretary McNamara and the Kennedy administration cannot ignore it.

NO AMERICAN aware of and concerned about the widening rift between the federal government and the once-secessionist South can ignore this provocative gesture.

Rep. Vinson is no irresponsible newcomer

acting on impulse. He is one of the most respected members of the U. S. House of Representatives.

He is proposing military disobedience to an order issued under the authority of the commander-in-chief of the armed services of the United States.

He is asking Congress to authorize insurrection against a co-equal branch of the federal government, in the same mood of contempt that has moved many Southerners to scorn the rulings of the U.S. Supreme Court.

FROM WHERE Rep. Vinson is now to where he would be in open violation of his oath to uphold the Constitution of the United States is a step so short that for all intents and purpose he already has taken it.

If this is the way Southerners feel about a problem that has plagued military training camps situated in segregation areas, the Defense Dept. will have no choice but to relocate its camps in places where the problem does not exist.

For a start, it might look over the possibilities of the Ramona Ordnance Works in Portage County.

The Nationwide Peripatetics

We look forward to a ball club one day soon that will be called the Nationwide Peripatetics and will be available for civic prestige to the highest bidder by year.

Traffic Tickets

Elsewhere in today's paper, Police Chief Martin Lutsch has a warning for large number of errant motorists who are ignoring summonses for traffic violations.

He promises a crackdown on drivers who break the law and make light of a traffic ticket. In East Liverpool in the southern end of the county, affidavits are being filed in municipal court against drivers there who have from two to seven violations.

There is no excuse for motorists not paying for overtime parking, especially since special "courtesy" boxes are placed in the middle of each box where 25 cents will settle the case. There are many persons and some businessmen who will argue that downtown parking meters shouldn't exist, but since the "slots" are there by city ordinance to help control traffic and avoid all-day parking by some people, the law must be enforced.

Progress Report

By Truman Twill

As a dedicated foe of home cooking, I welcome a report by the lady economist Sylvia Porter that will help to rout this blight.

Miss Porter says prepared foods are saving not only time but money. She says the last time she looked into the matter seven years ago, the saving was in time only but now has spread to money.

This will help to clinch the case for food prepared by experts, instead of hit-or-miss amateurs. Perhaps because she is a woman and wanted to avoid a scrap, Miss Porter dodges the other vital factor about food prepared by experts.

Experts can do the job not only cheaper, considering both time and cash, but they can do it better. And before bleeding hearts pity the poor woman I split peas with, she is a whacking good cook.

SHE CAN POP a pan of something good from the freezer into the oven zippity-zap. She is unbeatable at opening cans of fruit concentrate, adding just the right amount of branch water and here's to Vitamin C!

There isn't a fudge-maker this side of the Aleutians who can put her to shame in a contest to see who can whisk open a package of fudge-mix and woo her way into man's sweet graces faster than this little old home-maker. Yumm!

She hasn't made a bad cup of coffee since the first concentrated coffee came on the market. Slurp!

Her reputation as a cake-maker par excellence is shared with that world-renowned military Genius, Gen. Mills, and a globe trotter named Dunk Hines. Women send their

little daughters from miles around to study cake-baking at the be-floured knees of this mistress of the handy package. Mmm!

Thanks to a freezer big enough to spark interest in a mortician's eye and lack of idle time to piddle away performing drudgery that makes no more sense in this age than grinding, maize, flailing grain, drying apples and pickling eggs, the only thing that are in their original form in the Twillery scullery are errant flies that take their lives with their own proboscis.

NEW PRODUCTS come along all the time. One of the latest is a potato puff that adds a wonderful dimension to the taste of spuds. Gone forever are net bags of potatoes with pale sprouts, soft spots, go-thither eyes and yards of peelings.

Tea leaves have disappeared after years of being fished out of strainers and flushed out of the sink.

Some of these things do not taste the same as they did when the chef cook used to run down a chicken, ax it, de-feather it and slip it into the skillet still twitching; when she nipped out to the garden and dug potatoes for supper, shelled a wagonload of peas to get enough to fill a kettle, ground the coffee in a noisy little mill clutched between her bony knees, then washed the dishes and pans with home-made soap and cistern water and dragged off to bed on a mattress stuffed with corn husks and rocks.

But they taste as good—and the taste gets better all the time. One day soon a generation will go from the cradle to the grave and never know the meaning of home cooking unless it wants to go backward.

Eyes of Law on Alabama Trouble-Making Group

By DAVID LAWRENCE

At last the eyes of the law are on a trouble-making group in Birmingham which has been playing a mysterious role in Alabama

and elsewhere to the consternation of both those citizens who favor and those who oppose integration of the public schools.

Just why should an organization call itself a "National States Rights

Party" and adopt a name that has been used in previous years in the South by persons who had no connection with racial demonstrations?

Just why should such a comparatively new group—composed, to no small extent, of individuals from outside the state and Canada—issue a monthly newspaper in Birmingham which has been printing scurrilous and baseless attacks on the personal life of President Kennedy and other articles impugning the patriotic motives of prominent persons in the North, with bitter attacks especially on Catholics and Jews?

What has all this to do with states' rights?

A federal grand jury has just indicted some of the members of this so-called "states' rights" group—all of them white—for alleged conspiracy to interfere with a court order and some for allegedly obstructing by violence the process of law enforcement in desegregating public schools.

Two white boys—arrested and charged with shooting a 13-year-old Negro boy a few hours after a Negro church was bombed on Sept. 15 in Birmingham—had just attended an impassioned rally held by the "states' rights"

group.

Where does the money come from to finance such a mischief-making organization?

The time would seem to be ripe for the House Committee on Un-American Activities to subpoena records and ascertain whether any foreign funds have been coming to the Birmingham group.

Again and again, in different parts of the world—especially in Latin America—groups that seem to be still espousing the Hitler-Nazi doctrines are found to have close links with Communist agents. What more natural way for the Communists to stir

up trouble and friction?

THE WHOLE STORY of how the law-abiding people of Birmingham have been mangled through such incidents as the church bombings and otherwise will sooner or later be revealed.

The Federal Bureau of Investigation has not been able under federal law to delve into crimes which are in the category of state offenses and can only come into a case where some specific federal statute is involved, such as transporting dynamite across state lines.

Before long it's conceivable that leads turned up by the FBI will disclose the perpetrators of the church bombings. In fact, there are rumors that such a breakthrough is not far distant.

Meanwhile, it's reassuring to note that reason is beginning to be manifested in the racial controversy. President Kennedy has put aside demands for the use of federal troops and has sent an able team of two prominent men to Birmingham to help persuade civic leader there that they can solve their difficulties locally by conference.

As has been pointed out in these dispatches, the series of contemplated "demonstrations" and "marches" in Southern cities should be halted, as they would not lead to a cooling of passions but rather to an intensification of bitter feelings among whites and Negroes.

IT'S PERTINENT to quote here, for the benefit of readers throughout the country the wise counsel expressed in an editorial Tuesday by The Washington Post, which has from the start of the controversy been one of the staunchest advocates of integration of public schools and has criticized discriminatory practices generally. The Post says:

"Concern for civil rights and sympathy with Negroes in their struggle to realize those rights dictate a blunt, candid warning to Negro leaders. They are being urged by the organization known as the Student Non-Violent Coordinating Committee to change their strategy from peaceful protests, demonstrations and litigation to an organized and widespread campaign of civil disobedience and disruption of the economy."

They (the Negro leaders) will be under strong temptation and pressure to pursue such a course. It's a course, we are convinced, which can lead only to destruction and an disaster.

"The proposal of the student group calls for a massive, uniformed army trained and prepared to obstruct the use of government buildings, airports, highways, railroad tracks and other public facilities. This 'army' would be unarmed and non-violent; it would anticipate arrests in great numbers for the purpose of filling up jails and overtaxing the police."

"Although the proposed 'army' would neither attack nor resist and would make a principle of 'non-violence,' it would, of course, inevitably invite an foment violence....

"But in the end it's upon courts and upon the rule of law that Negroes must rely. It's folly—ruinous folly—for those who depend upon the law to deride and defy it....

"THE STRATEGY of militant civil disobedience for Negroes in the United States would impose upon them an absolute and damaging separation from the white community—when the real goal of the civil rights movement is full integration."

Maybe a congressional committee should take a look at the previous background of the personnel and also inquire into the sources of all the financial aid that may have been received by some of the various organizations which seem so anxious to foment trouble inside the United States.

Valachi Didn't Quite Make It

By VICTOR RIESEL

Self-confessed killer Joe Valachi was a power in a wheeling and dealing section of Eastern labor.

He was part of a combination which bought and sold union locals for anywhere from \$2,000 to \$50,000.

At one point Valachi, the government's prize "pigeon," had "Cosa Nostra's" permission to move in on the juke box, restaurant and bar jurisdiction ranging north from New York City to Syracuse.

Valachi and his band of hoodlums would not have had to abandon their vast narcotics business. Control of the juke box union would have been just another money-making operation, and the weapon for terrorizing some 4,000 businessmen in Westchester County and perhaps another 10,000 up the line to Syracuse.

Income from such a union would have been lucrative even for Valachi and his Manhattan Mafia, whose specialty was a multi-million dollar narcotics trade.

Valachi and his partners figured that at the launching, even a small local of juke box and coin machine "salesmen," mechanics and operators (who also would be forced to join) would bring in \$50,000 the first year in one region.

This could be expanded to half a million dollars by moving upstate as well.

VALACHI'S INFLUENCE came from his awesome protectors—the late "Little Augie" Carfano and the persistently missing Anthony Strollo, alias Tony Bender, once "boss" of the Manhattan area known as Greenwich Village. This phase of Valachi's activities has not been reported in the public prints. It was originally disclosed in 1958 by a small-time leader of a small local laundrette and coin machine workers.

His name is Charles Lichtman, who must have been thought of as odd in some circles—for he persistently refused to permit the mobs to move in on his local. This was originally known as local 254 of the Laundry Employees Union, and later as the United Coin Machine Workers Union.

Many times hoodlums from other locals in this juke box, bar and restaurant field attempted to force Lichtman to give up his union charter. Once one of his aides, who was pretty tough himself, was lured into a garage, hit on the head, knocked to the floor and kicked in the chest.

ANOTHER TIME Lichtman was called to a "conference." He found the meeting room jammed with muscle men—and all the windows wide open. He got out fast.

Later he learned the "hosts" were not fresh air fiends. Some one was scheduled to be thrown

out the open windows. Lichtman made sure it was not he.

Then, the attorney of a group of legitimate Westchester juke box owner and mechanic came to Lichtman. The lawyer asked the labor official to unionize members in Westchester County, so the hoods could not take over. Lichtman tried. But there was too much pushing and shoving. Finally Lichtman was told by a goon to get out or he "would get himself hurt."

It was at this time that Joe Valachi appeared. He said to Lichtman that everything could be straightened out. All that was needed was a conference with the boys. This meeting was held. Lichtman later told federal investigators.

According to government records, Lichtman went to a bar at 180 Street and Southern Blvd. in the Bronx. Some of the "Cosa Nostra" men were there. They gathered in a back room.

THEY HAD the power to decide just what union would have jurisdiction over juke boxes in West-

chester—considered by many the wealthiest county in the United States.

Valachi told Lichtman to sit at the bar while the boys in the back room made their decisions. Mind you, they were talking not only of one county, but of taking over a huge chunk of New York State for their union operation.

Valachi then told Lichtman, in effect, that if he behaved himself and put four of the hoods on the union payroll, he could run a juke box-coin machine union in that part of the State. Lichtman did what few would. He walked out.

Valachi and his combination never quite made it. The man who now is spilling everything was arrested on a narcotics charge and sentenced to five years.

But there now is a mple evidence of the tie between the multi-million dollar narcotics operators and some unions.

A dollar is a dollar and there are lots of dollars in the dues of captured locals.

ANSWERS YOUR PROBLEMS

raise children.

There are days when every mother, no matter how competent, would cheerfully change children with any neighbor, but the situation you describe is not an "off day." Your kids sound out of control.

P.S.: Your husband could be helping instead of criticizing. They are HIS kids, too. Give the doll some reading material and tell him it's got to be a joint effort.

Single Cussedness

Dear Ann: You must be a man. No woman could have given such rotten advice to the daughter whose 72-year-old dad wanted to remarry—in the old folks home yet!

That old geezer should have been declared off his trolley. I almost fainted when you gave him a green light. After all, the man has lived a full life. Fifty years of marriage, a nice family. What more could a person want?

Just because the old elk has met a woman at the home who must be as nutty as he and they want to get married, is no sign the family should okay such nonsense. This just proves what I've always said: Sick, well or dying—just show me a man who is too old or too tired for sex and I'll eat this newspaper—the whole Sunday edition.

Thank you.—GLAD I'M SINGLE.

Dear Mary Sunshine: I'm glad you're single, too. This is your contribution to the human race.

Vegetable Family

Dear Ann: Recently you told a

mother she wasn't raising a son, that she was raising a vegetable. Well, that's exactly what MY mother is doing—raising a 17-year-old vegetable.

I should be having the time of my life now but instead I am miserable. My mother will not let me date although I'm a high school senior. I've never been permitted to spend a night at a girl friend's house (I'm a girl) because Mom worries about wild teen-agers who crash parties.

My whole life is going to school, doing homework, going to family affairs which I hate. Can you see a way out of this jail?—TRAPPED.

Dear Trapped: A high school senior should be allowed to date. Enlist the aid of your favorite teacher or your clergyman.

Have you thought of going away to college? If you haven't, you should. Even if it means working your way through.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

Matter of Fact

Patina is an artistic product of the corrosion of copper or bronze. It is an incrustation formed on bronze after exposure to weather or burial. When perfectly developed, patina is a dark green color, and a good patina serves the double function of enhancing the beauty of metal and preserving it.

"With this schedule, our nonpolitical tours will counter the Republicans' nonpolitical tours!"

Hints From Heloise

By HELOISE CRUSE

DEAR FOLKS: Here's a cutie pie for those of you who drink cups and cups of instant coffee with instant (or powdered) cream and sugar.

I drink about our cups of coffee in the mornings. I opened three things each time I made a cup.

The jar of coffee, the instant cream and the sugar bowl. These things must be kept covered so how can I avoid that? It finally dawned on me that I also replaced three lids each time.

That's three lids screwed and unscrewed each time I made a cup of java. Plus . . . three spoons. (Can't possibly put the coffee spoon in the cream. Or the cream spoon in the sugar or vice versa.)

Here's what I did: I took one jar and mixed my own favorite flavoring.

As I use one heaping teaspoon of instant cream in each cup, I poured one cup of instant coffee into a big fruit jar, with one-half cup of powdered cream and one-half cup of sugar.

I SHOOK the jar well to mix it

thoroughly. I poured this into small jars and set them in the most convenient place in my kitchen.

Now . . . when I need that cup o' java I just open one jar, dip out the special mixture, and look at all the energy I have saved.

See how much faster this is and count up the seconds you will save on each cup of coffee. Multiply that by the cups of coffee you drink each day (see how many seconds you save there!) then multiply that by the days in each year (most times it's 365!).

This also works with instant tea . . . which I drink each afternoon. Absolutely amazing!

Take the time you have saved and put it in your "Heloise's Rest Box." (That is a little, secret, imaginary box everyone ought to start, with all the minutes we save from the short-cuts we have learned.) We put our precious time into it.

WHEN YOU have so many minutes piled up . . . then rest. While resting, count your blessings. This shows you how valuable your

"Rest Box" is!

Gee, I love you all. Your letters overwhelm me. I only wish that we could share each other's imaginary "Heloise's Rest Boxes." Don't you?

When you mix your coffee (and, incidentally, if you don't use cream, etc. think of me.

God bless each of you who has written to me with a problem. HELOISE.

DEAR HELOISE: When sewing, people in our neighborhood use paper clips (which we buy at our dime store for about ten cents a box) to hold two edges of material together instead of wasting time basting. This sure beats pins!

THOUGHT FOR TODAY:

When you point one finger of scorn at someone remember that three fingers are pointed right back at you. Take a look and see for yourself!

DEAR HELOISE: If your cupboards are not high enough for the giant size packaged foods, laundry detergents, etc., just stand the box on its side with the opening up. After you take out the first batch, the contents in the box will be low enough not to spill.

You will find the wax paper lining in the giant size cereal boxes sufficient for wrapping two lunches if you open the seams carefully. It is also heavier than the paper that comes in rolls.

MR. AND MRS. FORREST Stark were welcomed as new members when the Fellowship Class of the First Methodist Church met recently at the Salem Country Club, with 21 in attendance.

Richard Albright presided at the business session and Mrs. Albright spoke of the result of the recent church school survey conducted by the Adult Council.

Games and refreshments were enjoyed with Mr. and Mrs. Dana Floding and Mr. and Mrs. DeForest Lewis as co-hosts.

Mr. and Mrs. Donald Ward of N. Union Ave. will entertain the class at the next social meeting Oct. 18.

PRIZES AT "500" were won by Mrs. William Schwartz, Mrs. GEllen Brandt and Mrs. Earl Whinnery when members of the Petite Nine Club met recently with Mrs. James Taylor of Winona. Mrs. Jerry Mountz was a guest.

The birthday of Mrs. Schwartz and wedding anniversary of Mrs. Taylor were observed.

Mrs. Richard Odum will entertain the club at 7:30 p.m. Oct. 18.

MEMBERS OF THE FRIENDSHIP Class of the First United Presbyterian Church held their first social meeting of the season Tuesday evening in the church Fellowship Hall. There were 40 in attendance.

Mrs. Fred Hall led the devotions and Mrs. Elbert Vincent presided at the business session. The class voted to make a contribution to the United Fund.

During the program period a hymn sing was enjoyed and members each told how they spent their vacations.

Refreshments were served by Mrs. Hall and her committee, Mrs. Charles Oertel, Mrs. Leslie Helm, Mrs. Blanche Leipper, Mrs. Marion DeBow and Mrs. Dorothy Morrow.

Mrs. Maebelle Manning and her committee will be in charge of the next meeting Oct. 29 in the church Fellowship Hall.

JFK Should Be Urged, Not Told To Curb U.S. Spending

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—There's a big difference between urging President Kennedy to keep expenses down and telling him he has to if he wants a tax cut. Some Republicans ignored it, two in particular.

Urging a president to economize leaves him free to ask for higher spending if he thinks it necessary for the nation's welfare. For Congress to put a limit on how much he can ask, paralyzes him no matter what the national need.

For Congress to impose such a limit is a sophisticated form of buck-passing. Congress, not the President, holds the purse strings. He can only spend what Congress votes him. Congress has the ultimate responsibility for economy.

Away back last spring two Republicans, Reps John W. Byrnes of Wisconsin and Thomas B. Curtis of Missouri, were complaining about Kennedy's tax-cut proposal. They wanted spending cut.

Both are members of the House Ways and Means Committee, which handles taxes.

Byrnes and Curtis got more uneasy and more specific as the months passed and it seemed likely that their committee, where Democrats outnumber Republi-

cans 15 to 10, was going to approve a cut.

Kennedy said he wanted the cut to stimulate the economy by giving individuals and businesses more money to spend, even if it meant putting the country deeper in the red for a while by reducing revenue from taxes.

The committee Democrats went along with Kennedy but on Sept. 10, when they approved the cut, they urged him to declare he would go along with the idea that "all reasonable means" should be used "to restrain government spending."

Kennedy agreed, more than once. It didn't tie his hands behind his back. It allowed him room, if he thought necessity required it, to ask for increased spending.

And in his radio-television broadcast Sept. 18 he promised federal spending would be limited to "only those activities which are fully essential to the nation."

This wasn't enough for Byrnes and Curtis. They got time on the air, too, to give their side. Curtis said Kennedy "hedged" his promises. Byrnes said Kennedy is endangering the economy.

Both wanted Congress to write

a spending limit into the tax-cut bill.

But Wednesday the Democratic House approved Kennedy's \$11-billion tax cut and, while doing so, beat down a Republican motion that would have prevented a tax cut at all unless Kennedy submitted a reduced spending budget for this year and next.

But Curtis had already put his finger on the problem—for the politicians in Congress—when in his broadcast of Sept. 21 he said: "The tough part is when you get into the business of assigning priorities to good programs. It is tough for a person, particularly one in politics, to say 'no' to a desirable program because we can't afford it and all the other desirable programs this year."

That could be interpreted this way: It would be easier on the politicians, in explaining to the people back home why some "desirable" program was cut or eliminated if they could put the blame on the President instead of Congress.

But all the argument may end in smoke. Although the House approved a tax cut, the Senate may not. If the Senate doesn't go along there can be no cut.

World News U.S., Russia Open Talks on Consulars

MOSCOW (AP) — The United States and the Soviet Union opened negotiations today on proposals to enlarge each nation's consular activities on the other's territory.

An American team began talks at the Soviet Foreign Ministry on a consular convention, which has been discussed periodically since the United States recognized the Soviet Union in 1933.

Among questions to be discussed was the right of American citizens arrested in the Soviet Union.

Similar authority would be given Soviet consular officials in the United States.

TOKYO (AP) — Appealing to Russian pride and revolutionary tradition, Red China predicted today that the Soviet people would some day overthrow Premier Khrushchev.

A 30,000-word article published by the official Peking People's Daily and the theoretical journal Red Flag said Khrushchev had "wallowed in the mire" with Yugoslav President Tito and de-

ceived and hoodwinked the Soviet people.

"This will not be tolerated by the great Soviet people."

BRUSSELS, Belgium (AP) — The European Common Market is trying to avoid a chicken war over American rice.

In an attempt to prevent a repetition of the conflict over increased tariffs on imports of U.S. chickens, the Netherlands proposed at a meeting Wednesday that American and Far Eastern rice producers be given equal opportunities with growers inside

the Common Market for about seven years.

The subject will be discussed at a ministerial meeting next month.

AT LAST... A WAY
TO *Spray* YOUR
OVEN CLEAN

You don't scrub with Lov-it... you just spray it on, wait a few minutes, then wipe clean. In less than 10 minutes you're finished.

You can throw away the rubber gloves, too... Lov-it is gentle, as harmless to your skin as hand soap. Lov-it's lively chemical action attacks your oven stains, not your tender skin. If you should misdirect the spray, it doesn't matter. Lov-it is just as kind to painted walls, floor tile, porcelain surfaces and your prettiest dress.

Why work at oven cleaning. Let Lov-it do it... faster, better and safer. Wipe it off!

Youngstown Case Dismissed by Court

COLUMBUS (AP) — The Ohio Supreme Court yesterday dismissed the city of Youngstown's appeal from Mahoning County Budget Commission allocations as approved by the state board of tax appeals.

Youngstown contended it should have received \$200,000 that went to the county instead.

Among other actions, the supreme court:

Dismissed the appeal of William R. Pastoria of Canton from his conviction on charges of compelling a woman to reside with him for immoral purposes and transporting her with intent to compel her to become a prostitute.

Refused to review an appeal from Trumbull County involving liability of three insurance companies in an accident April 8, 1960, involving a car being offered for sale and being driven back to a Warren used car lot after washing.

Lodge Assails Mrs. Nhu For 'Cruel' Attack

SAIGON (AP)—U.S. ambassador Henry Cabot Lodge charged today that Mrs. Ngo Dinh Nhu's description of junior U. S. Army officers here as "little soldiers of fortune" was "cruel and insulting."

Mrs. Nhu, South Viet Nam's powerful first lady was later-in-law of bachelor President Ngo Dinh Diem, also accused the officers of "engaging in irresponsible behavior." She issued the blast last week in Rome during her world tour to explain her ruling family's position in its feud with Buddhists.

"It is incomprehensible to me how anyone can speak so cruel-

ty," Lodge said in his first public political statement since his arrival Aug. 22.

"It is a shocking statement. These junior officers are risking their lives every day. Some of them have been killed side by side with their Vietnamese comrades. These men should be thanked and not insulted."

Lodge's statement was expected to have the effect of a diplomatic bombshell on the strained rela-

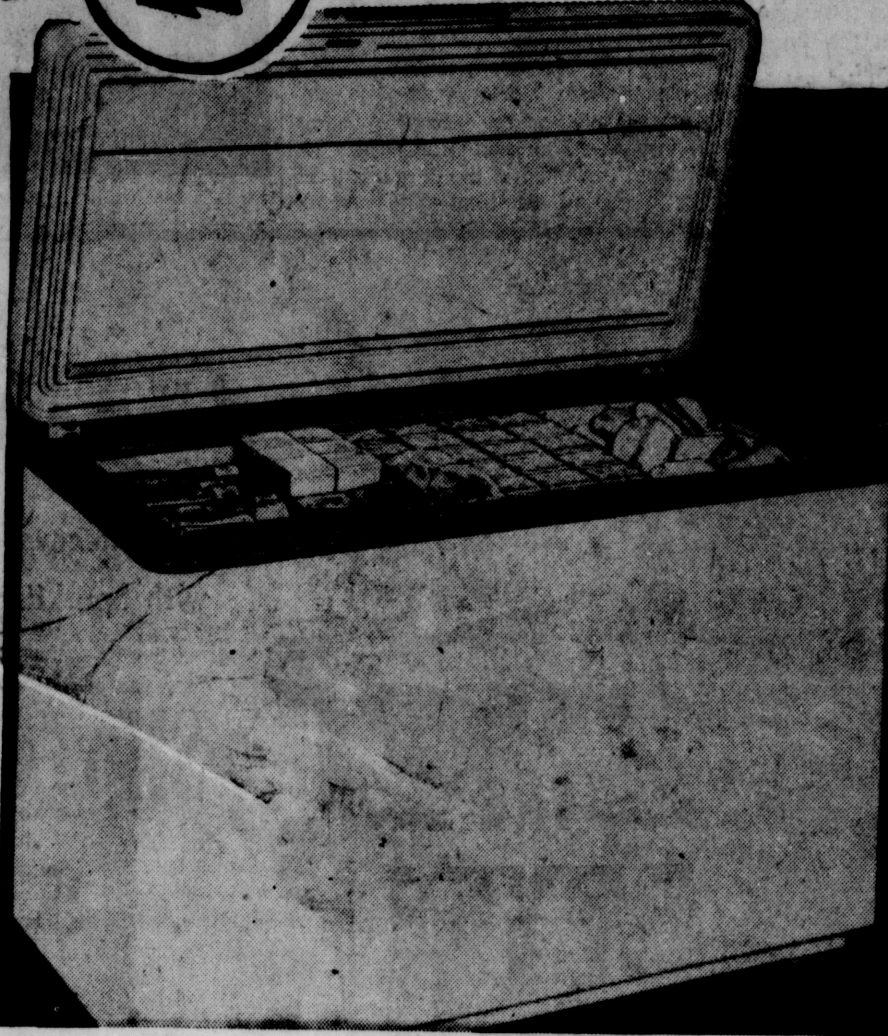

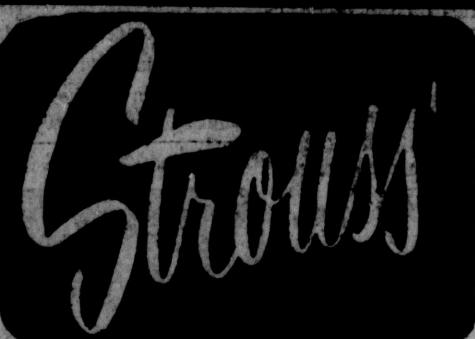

tions between the Kennedy administration and President Diem's authoritarian government.

A barrage of direct and indirect anti-American comments from Mrs. Nhu and other members of the regime was launched after President Kennedy described Diem's crackdown on Buddhist and student opposition as "repressive."

Lodge spoke out after Secretary of Defense Robert McNamara and

his aides left Saigon for the first of four days of battle area checks on the progress of the U.S.-supported Vietnamese war against the Communist Viet Cong.

McNamara and Gen. Maxwell D. Taylor, chairman of the Joint Chiefs of Staff, were briefed Wednesday on the military and political situation. Lodge presumably brought up Mrs. Nhu's blast at the American officers.

Former CAP Chief Indicted by Jury

COVINGTON, Ky. (AP)—A federal grand jury has indicted John O. Swarts, former Ohio commander of the Civil Air Patrol, on the charge of interstate travel to promote gambling.

Swarts, 52, was accused of making 19 trips from Cincinnati to Covington between Jan. 27, 1962, and March 6, 1963, to have "hard cards" printed and distributed to a number of cafes. ("Hard cards" are large sheets used by bookies which list horse and other racing data.)

The indictment Wednesday came as a surprise. Swarts received the service ribbon, CAP's highest award, in 1955 and two years later became deputy commander of the patrol's Great Lakes region. Associates say he is no longer connected with the CAP.

Swarts will be arraigned today before U.S. District Judge Mac Swinford.

Reilly PTA Starts Off New Season

Wayne J. Steffel presided at the first meeting of the new season when members of the Reilly School Parent-Teachers Assn. met Tuesday evening at the school with approximately 80 in attendance.

The following committee chairmen were appointed: Hospitality, Mrs. Lee Gopp; membership, Mrs. Thomas Paparadis; program, Richard Karlis, and the May Fair, Mr. and Mrs. Steve Hoffman.

Teachers were introduced by Principal Earle Smith, who also presented Mrs. John Gonda, school nurse.

Mrs. Gonda discussed joint responsibility of the school and the parents in child health care, and outlined the school child's physical and emotional needs. She stressed the necessity of a complete program of inoculations before a child enters school and announced that vision testing would be held in the near future and tuberculosis patch tests would be given after the first of the year.

Richard Cobourn, last year's president, was given a past president's pin.

It was announced that the chest X-ray unit will visit Salem Oct. 7-10, and the book trailer will be at the senior high school Oct. 1 and pupils of Reilly may visit it.

Mr. Steffel reported that the playground equipment and flagpole, purchased by the association, will be installed soon.

Principal Smith announced that the school library will be open during school hours. Mrs. David Kachner, volunteer librarian, asked for other aides to assist.

Projects for the year were discussed and it was decided to have a clothing drive for pupils in the school needing assistance. Mrs. Arnold Kovach, Mrs. Walter Alesi and Mrs. Richard Herron will be in charge.

Refreshments were served by Mrs. Gopp, assisted by Mrs. Donald Cowan and Mrs. Steve Buckshaw.

Wheat

(Continued from Page One)

of feed grain.

Generally, it has been taken for granted that the Communists would buy American grain only if they could get it at the cut-rate price at which it is sold to friendly countries under an export subsidy program.

That price is about 60 cents a bushel below the domestic price. Commerce Department regulations deny benefit of the subsidy to the Soviet bloc.

The domestic price is supported above world levels by a farm price support program.

There is nothing in the laws or regulations that would keep the Soviets from buying all the wheat they wanted at the domestic price. Obviously they do not want to pay that much.

A matter to be settled is whether congressional action is necessary.

Chairman Allen J. Ellender, D-La., of the Senate Agriculture Committee, said action by Congress may be necessary. But Agriculture Department lawyers have leaned in the other direction.

The talks private American interests have been carrying on in Ottawa, Canada about the possibility of a big grain deal with the Soviet Union have hit some snags.

The Peavey Co., a large Midwestern milling and grain firm, said Wednesday it had sent representatives to Ottawa with the understanding that an Agriculture Department spokesman would be participating. But when none showed up Peavey withdrew its officials.

NEW CZECH PREMIER — Josef Lenart, above, has been named premier of Czechoslovakia by President Antonin Novotny, replacing Premier Vilem Siroky. Lenart was chairman of the Slovak National Council before he was named premier.

Deaths Funerals

Claud D. O'Connor

Claud D. O'Connor, 77, of 139 Seminole Dr., Pittsburgh, formerly of Salem, died of complications at 6:10 p.m. Tuesday at West Penn Hospital in Pittsburgh.

Born March 7, 1886, in Parkman, he was the son of Daniel and Ellen Jones O'Connor. In 1912, he was married in Damascus to Louise Bauman, who survives.

A Pittsburgh resident for 36 years, he retired in 1934 as superintendent of the River Transportation Division of Jones and Laughlin Steel Corp. and as executive vice president of the Monongahela Connecting Railroad. Active in Masonic circles, he was a member of Perry Lodge of Salem, Omega Council, Beaver Commandery Knights Templar and the Scottish Rite of New Castle, Pa.

Also surviving are one daughter, Mrs. Mary Louise Allison of Bogalusa, La.; one son, Roger O'Connor of Detroit; six grandchildren; and four great-grandchildren.

Graveside services and burial will be at 10 a.m. Saturday at Mount Union Cemetery in Alliance, with Rev. William S. Longworth of the First Methodist Church officiating.

Friends may call Friday evening at the Arbaugh-Pearce Funeral Home where a Masonic service will be conducted at 9 a.m. by Perry Lodge.

Earl Infant

Funeral services were conducted at 2 p.m. today at the Arbaugh-Pearce Funeral Home for Robin Colleen Earl, infant daughter of Ernest and Sandra Louise Schukert Earl of RD 3, Canfield, who died at birth at 7:37 p.m. Wednesday at Salem Central Clinic. Rev. Harold Winn of the First Friends Church officiated. Burial was in Hope Cemetery.

Besides her parents, she is survived by two sisters, Debora and Shane; two brothers, Michael and Scott; paternal grandparents, Mr. and Mrs. Fred Earl; and the maternal grandparents, Herman Schukert and Mrs. Virginia Rosta, all of Salem.

Frank A. Clunk

LISBON — Frank A. Clunk, 90, of 341 Sherman St., a retired American Vitriol Products Co. employee, died Wednesday at 5:20 p.m. at the Hutton Nursing Home in Salem.

Born Aug. 29, 1873, in Italy, he lived his adult life in this area. His wife, Rose, died Feb. 21, 1957. He was a member of St. George's Catholic Church.

Survivors include his daughter, Mrs. Thomas Wilson of Lisbon; three sons, Joseph F. Clunk of Baltimore, Md., Dr. Roy H. Clunk of Massillon and Francis C. Clunk of Lisbon; eight grandchildren and 20 great-grandchildren.

Services will be held Saturday at 10 a.m. at St. George's Church by the Rev. Fr. William Hohman. Burial will be in the Lisbon Cemetery.

Friends may call at the Eells-Leggett Funeral Home Friday evening where rosary will be said at 8.

Mrs. G. S. Strausbaugh

COLUMBIANA — Mrs. Mabel E. Strausbaugh, 81, of 122 W. Salem St. died of complications at 10:30 a.m. Wednesday at her home following a month's illness.

Born Dec. 16, 1881, in Knox County, she was the daughter of Daniel D. and Catharine Bechtel Grubb. On March 14, 1906, she married Rev. George S. Strausbaugh, retired Church of the Brethren minister, who survives. She was a member of Zion Hill Church of the Brethren. Formerly of Kent, Canton and Fredericktown, she had been a Columbiana resident since 1929.

Surviving besides her husband are two sons, John of Warren and Eldon of Columbiana; one daughter, Mrs. Wilbur Detwiler of Columbiana, and five grandchildren.

2 Drivers In Wrecks Fined For Drinking

Two local motorists were each fined \$150 and costs and sentenced to three days in jail after they were found guilty today by Mayor Dean B. Cranmer of driving a car while under the influence of alcohol.

Dale L. Anderson, 44, of 1333 N. Ellsworth Ave. was fined following a collision Wednesday at 9 p.m. on N. Ellsworth with an auto operated by Daniel Pepey, 39, of Warren. Pepey suffered a lacerated lower lip.

Also sentenced was Albert L. Brooks, 48, of Leetonia whose auto on Wednesday at 7:50 p.m. struck the rear of another car operated by Frank P. Carnes, 45, of RD 2, Leetonia, as Carnes was stopped to make a left turn at E. State St. and Park Ave. Carnes' wife, Eunice, was treated at Salem City Hospital for a neck sprain after the mishap.

In a third Wednesday mishap at 4:10 p.m. involving three cars on S. Lincoln at E. Pershing, Cleatus Randolph, 17, of RD 5, Lisbon, was cited for failure to yield the right of way.

Police said Randolph's auto went through a red light and struck a car driven by Mrs. Robert Baisley, 42, of 435 N. Roosevelt Ave., knocking it into and damaging a third car driven by Americo J. Tassi, 53, of Columbia Station.

Minor damage resulted when a car owned by Ralph Harker of 196 Jennings Wednesday night at 10 p.m. at the rear of 145 S. Lundy drifted back and struck an auto owned by Ida M. Rosier of RD 1, Salem.

of the cabinet indulged in wild sex lives.

But he said Profumo's conduct—his admission that he had dated the 19-year-old call girl and had addressed her as "darling" in a letter—was enough to create "a reasonable belief that he had committed adultery with such a woman."

"It was the responsibility of the prime minister and his colleagues, and of them only, to deal with this situation," said the report, "and they did not succeed in doing so."

The question of a betrayal of state secrets arose because of Miss Keeler's friendship with a Russian naval attaché while she was having the affair with Profumo.

Profumo, husband of actress Valerie Hobson, at first denied to Parliament there was any impropriety in his relationship with Miss Keeler. In June, in a statement resigning from the government and Parliament, he admitted he had lied.

Subsequent revelations at the vice trial of Miss Keeler's sponsor, the late Dr. Stephen Ward, further shook the country and produced a national debate on the state of British morality.

In his report, however, Denning said he found no general decline in British morality. But he added there was blatant evidence of secret sex parties among an element of London society.

He cited the instance of a man wearing a black mask, who served dinner at one party "nearly naked except for a small lace apron around his waist such as a waitress might wear."

But contrary to rumors, the man was not a cabinet minister, Denning said. The jurist said he had learned the man's identity but did not make it public.

In some instances, Denning said, the dinners were followed by "perverted sex orgies."

Attorney, Wife Arrested On Extortion Charge

MINEOLA, N.Y. (AP)—An assistant district attorney and his wife were arrested today on extortion charges in a bizarre case involving tape-recorded love conversations between the official and a pretty widow, followed by a payoff of more than \$27,000.

Joseph Heneghan, 33, an assistant district attorney of Nassau County since 1937, was accused of recording his conversation with Mrs. Margaret Mirabella, 31, a widow with three children, in an effort to force her to marry him when he could get free.

Heneghan and his wife, Constance, 34, have four small children.

The tape recording equipment allegedly used by Heneghan came from the district attorney's office here where Heneghan, a Republican, served under three district attorneys. Dist. Atty. William Cahn, also a Republican, fired Heneghan today.

Heneghan gave the recording to his wife after Mrs. Mirabella refused to marry him. Mrs. Heneghan then went to Mrs. Mirabella and threatened her, Cahn said.

Cahn said Mrs. Mirabella, fearful of being sent to jail for having an affair with a married man, withdrew more than \$27,000 from several banks and gave it to Mrs. Heneghan. Mrs. Mirabella told authorities Wednesday.

He added that although Heneghan had not part in his wife's getting the money, he knew about it and did nothing.

dent in more than 30 years. Even Bosch's friends, some of whom called him a dreamer, had wondered whether the poet-novelist had the practical ability, after years in exile, to lead a nation released from dictatorship by the May 30, 1961, assassination of Rafael Trujillo.

The military leaders, headed by Armed Forces Minister Elbio Vinas Roman, said they ousted Bosch primarily because he codified Communists. He had rejected a military demand in July that he crack down on leftists.

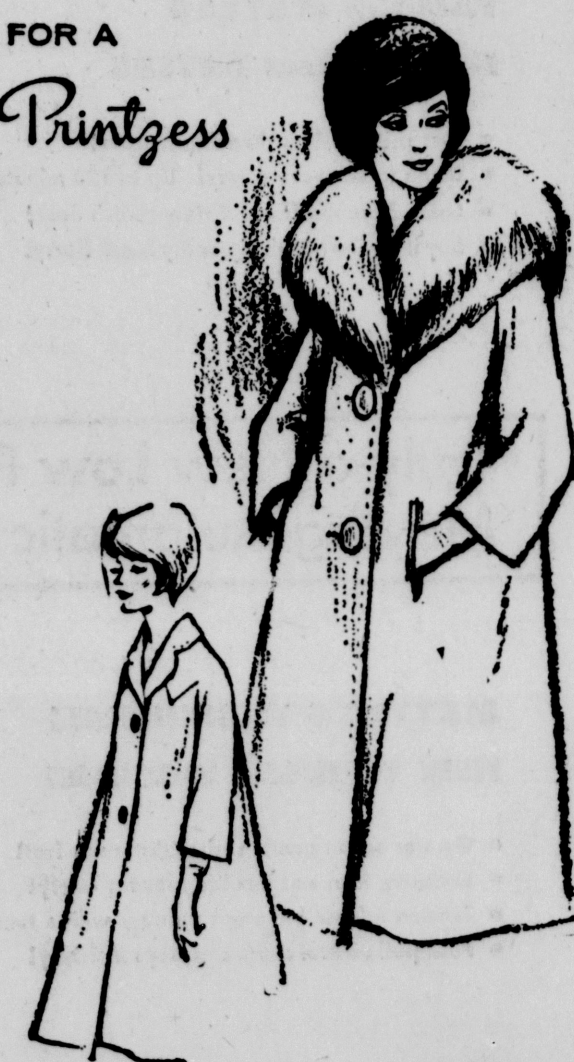

There also was widespread dissatisfaction with a recent law confiscating properties of all Dominicans who prospered under the 31-year Trujillo dictatorship. The law affected practically every Dominican who had money in a bank.

es any tax cut without offsetting spending reductions.

Byrd announced that his committee would begin closed-door briefings on the bill with congressional staff experts a week from today and that they will continue at least a week.

This probably means that Secretary of the Treasury Douglas Dillon will not get a chance to lead off the public hearings until Oct. 14 or 15.

Senate Democratic leaders did not at once take issue with Byrd publicly but privately expressed deep disappointment at this decision.

Mike Mansfield of Montana, Senate Democratic leader, told a reporter he would talk with the Virginian in an effort to get him to speed up the committee's work. But Mansfield conceded Byrd had advised him it might well take the Senate Finance Committee two months to complete its action on the measure.

Injuries Force Clarico To Make Changes In Lineup

Sweteye, Goard Draw Starting Assignments

Injuries have hampered Salem during the past few days and Coach Don Clarico has been forced to make a couple of changes for this week's game against Farrell.

Mike Sweteye, 153-lb. junior will start at left end in place of Mike Joseph, who is suffering with arm trouble, while Cody Goard, 160-lb. junior gets the nod at left half-back.

Howard Lambert has a neck injury, but he is expected to see considerable action. Lloyd Adams' knee ailment is responding to treatment and he too may play against the Night Riders.

A pint-sized backfield, which includes two seniors and two sophomores will start against the Quakers for Farrell.

"We were beaten by that one big play, and a few bad breaks in our two losses," said Tony Paulekas, coach of the Night Riders.

John Gioski, who is president of his senior class at Farrell, is Coach Paulekas' choice to open at quarterback.

THE 190-lb. athlete, according to his coach, is a good leader, an excellent faker with plenty of deception, but is only a fair passer.

Several of his aerials in the three previous contests were intercepted, and against Butler, he completed only one of 17 passes.

Farrell has only one regular back from last season. The Night Riders have been working with seven lettermen from the 1962 unit.

Frank O'Staffy, 235-lb. senior, is a strong athlete at a left tackle. He bolsters a solid left side of the Farrell forward wall.

AT THE HALFBACK spots for the Night Riders will be sophomores William Samuels 150-lb.; and Sharkey Flint, 150-lb. sophomore; and slated for fullback duty is Joe Leavens, 155-lb. senior.

The Farrell mentor pointed out that his squad was still in contention during the fourth period against Butler, trailing 7-6. With a third down and six yards to go situation, a Butler back broke the game wide open when he scampereed 66 yards for a touchdown.

The Night Riders also lost to Aliquippa, but knocked off the only Ohio teams they have faced this season with an 8-0 victory over Campbell Memorial to open the campaign.

In three contests, Farrell has scored but two touchdowns, while the Red and Black scored at least once in each of their three clashes thus far.

Farrell sticks to a six man defense, but can alternate several other defenses throughout the game.

DRILLS THIS week have been concentrated on gearing the offense for the Night Riders, plus setting up defenses for the Farrell offensive attack.

Paulekas said, "we don't have any outstanding try, any success we have is through a team effort."

The series, which is developing into one of the hottest rivalries in northeastern Ohio - western Pennsylvania competition, is usually won by no more than one touchdown.

Last year, a TD in the last minute of the fourth period, gave Salem a hard earned 10-13 decision.

Dodgers Will Probably Counter With Koufax

Yankees To Start Hurler Ford Against LA In Series Opener

By JOE REICHLER
Associated Press Sports Writer
NEW YORK (AP)—New York Yankee left-hander Whitey Ford, baseball's biggest World Series winner, will pitch the first game of the 1963 October classic, probably against Los Angeles' Sandy Koufax, at Yankee Stadium next Wednesday.

Yankee left-hander Al Downing and right-hander Jim Bouton will pitch the second and third games for the Yankees, manager Ralph Houk said today in making known his series plans. He did not specify the order of pitchers for the second and third games.

Houk said he would depend on just three starters, thus assigning

Ralph Terry, pitching hero of the Yankees' 1962 World Series triumph, over San Francisco, to bullpen duty.

Houk also said he planned to play his eight regulars, including Mickey Mantle and Roger Maris, in every game without resorting to platooning.

"I'm going to go with the pitchers who have done the best job during the regular season," the Yankee skipper said.

The same starting line-up which defeated the Giants in seven games last October will open against Los Angeles regardless of who pitches for the Dodgers.

"I understand the Dodgers are going to go with three pitchers, too — Koufax, Podres and Drysdale," said Houk. "I talked with Alston (Dodger Manager Walter Alston) during a radio interview and he came right out and said Koufax would pitch the first game."

"He said his second game choice lay between Podres and Drysdale."

Ford, whose 24 victories matches Koufax, will be seeking his 11th World Series triumph in the opener. He has lost five, Koufax, who has appeared in two World Series games, dropped his only decision in 1959. He was beaten 1-0 by the Chicago White Sox.

ATHLETICS SIGN AMBIDEXTROUS PITCHER — The Kansas City Athletics have signed a pitcher who has two chances of making good — one with each arm. James Haley, right, of Canton, Ga., is shown signing in Atlanta with Mercer Harris, the Athletics' Georgia scout. The 185-pounder won 10 games in the East Cobb League this summer — 8 right-handed and 2 left-handed. He struck out 18 batters right-handed last week and four days later struck out six left-handed in a relief stint.

Inter-County Title May Be Decided

Interesting Action Should Feature Area Football Program This Weekend

By MARK W. MILLER
News Sports Editor

Some of the most exciting action in schoolboy football this season may be seen in the area this weekend with a couple of interesting tilts slated in the Tri-County and Inter-County Leagues.

Statewide, the Alliance-Massillon and Niles-Cincinnati Roger Bacon contests have created the most interest.

Some grid fans think that Coach Fony Mason and his Red Dragons will get an acid test from Bron Bacevich's classy aggregation at the Niles Stadium Saturday.

Niles, with three easy victories,

was rated No. 1 in this week's initial AP survey, while Cincinnati was lofted into the No. 9 spot.

IN TRI-COUNTY ACTION, unbeaten Lisbon voted into a tie for 43rd place, travels to Poland Saturday and the Bulldogs (2-1) figure to be no pushover for the powerful Blue Devils (3-0).

Coach Bill VanBrocklin's aggregation dropped an 8-0 decision to unbeaten Canfield (3-0) to open the season, then edged Columbiana 16-12 last week.

Coach Bud Bucher's high flying juggernaut rolled to easy victories over hapless Carrollton 28-0 and outclassed Wellsville 38-16,

but got a stern test from Minerva 8-6 last week.

PERHAPS THE MOST INTERESTING clash may develop at Farrell, Pa., where Salem takes on the Night Riders. If last year's 18-13 thriller is any indication, then the two schools with identical 1-2 marks should provide plenty of exciting action.

East Palestine takes on Leetonia at the Bears' den in a clash that should keep everybody's attention Friday.

Leetonia Coach Carl Kokor's squad started off the campaign with impressive victories over United 22-8 and Beaver Local, but then the props were knocked out from under the Bears by the Louisville Tigers 68-0.

East Palestine was soundly trounced 32-0 by Canfield in the lid-lifter, but since then has rolled to successive wins over West Branch 14-0 and Sebring 14-8.

A RUDE AWAKENING may be waiting unbeaten East Liverpool when the Potters of Coach Robert Hedmond travel to New Philadelphia. The river city unit is unbeaten in three starts, which include victories over Class A rivals Beaver Local 51-0 and Midland, Pa., 30-12, and Class AA Steubenville Central Catholic, with one of their poorest teams in recent years, 12-0.

The Quakers of New Philadelphia tied powerful Martins Ferry 7-7 last weekend. The Potters renew their series with the Purple Raiders Oct. 18.

Following the stunning upset that snapped its 36-game winning streak, Lowellville hopes to start another one against Mineral Ridge at the Rockets' stadium Saturday in a clash which may decide the Inter-County championship.

The Ramblers, off to a great start, have polished off Crestview 38-0, Greenford 64-6 on Pymatuning Valley 68-12. Lowellville dropped an 8-6 decision to Crestview last Saturday.

Massillon (2-1) will entertain un-

beaten Alliance (3-0) in a contest already sold out. Last year the Aviators spanked the Tigers 46-0 and you can bet all of Massillon remembers the pasting.

Southern Local (Salineville) with an impressive 2-1 record entertains a strong unbeaten Wayne squad which has posted three straight.

The Indians knocked Greenford 12-8 to start the season, followed up with a 14-6 victory over Springfield Local (Jefferson), then was shut out 28-0 by Midvale last week.

Dickey's Tigers fired the top three-game series 769-719-774-2, 262 to chalk up a 4-0 victory and grab the lead in the standings following the initial action in the Friday Night Buckeye League at Timberlakes.

Polinori's Spaghetti and Steak House carded a 678-811-762-2,251 and Zimmerman Auto's posted a 732-769-729-2,230.

Oliver Ramsey fired the top individual series with games of 184-189-165-538. Jo Crawford, who had the high individual with 194, was second with a 513 series.

Other high games included Ruth May, 192; Oliver Ramsey, 189; Mae Garlock, 186; Barbara Adams, 179; and Floss Juhn, 177. Paxson Machine clipped Team No. 5 1,702-1689 in the Tuesday Morning League. The Machinists chalked up games of 594-429-613 to 593-561-535.

Vee Stanfield rolled the high individual three-game set 177-113-170-460. Her 177 was also the high individual game.

Marlene Houser carded a 134-146-138-418 series, while Aedrin Lane knocked down 133-142-142-417 pins.

Other high games were bowled by Chiquita Brown, 174; Ula Dangel, 159; Ernie Mercer, 148; Marlene Houser, 146; and Margaret Dumovic, 145.

Team No. 11 shot a 603-547-525-1,675 to trim Team No. 12 589-492-478-1,559; while Timberlakes edged Mathews Coin-Op by eight pins, 514-567-581-1,662 to 569-519-565-1,653.

WOMEN OF THE SALEM Golf Club have left the fairways to compete in a Wednesday afternoon loop at Timberlakes.

Mrs. Al Parker, captain; Mrs. William Hochradel, Mrs. George Perrault, Mrs. Roger Kilpatrick and Mrs. A. R. Juhn, members of the Alley Cats, fired the high team series 1,911.

Mrs. Juhn carded the high individual series 474 and Mrs. Hiltbrand posted the high single game, 197.

The 10 Pin Miss unit of Mrs. Leland Patterson, Mrs. Bud Shaffer, Mrs. Joe Schmid, Mrs. Gus Schuster and Mrs. Carl Hiltbrand fired the high team single game, 698.

OSU Practices Kicking In Tuneup For Opener

COLUMBUS, Ohio (AP)—Ohio State's football squad, putting the finishing touches to preparations for Saturday's opener here against Texas A & M, kept Coach Woody Hayes radiating optimism.

The Buckeye kicking game got special attention Wednesday. Placekicker Dick Van Raaphorst was booming them long and straight while Steve Dreffer and Don Unverferth practiced punting.

The Texas Aggies are due in Friday morning, and plan an afternoon loosening-up session in Ohio Stadium. This will be their first appearance here.

Mays Lifts Batting Average But Giants Lose 6-4; LA Blanks Mets

By JIM HACKLEMAN
Associated Press Sports Writer.

Watch Willie Mays, baseball's bounciest convalescent. He may be the first guy to win a batting title with an off-year.

The San Francisco Giants' center fielder, who fought through a protracted slump and then was forced into a four-game layoff with nervous exhaustion early this month, is on a hitting tear.

Willie went 4-for-4 Wednesday—a triple, two doubles and a single—although the Giants were beaten by Philadelphia 6-4, and powered himself right into the middle of the scrap for the National League batting title.

Mays was hitting .301 when he was sidelined, and in a phenomenal climb since then he has raised his average to .317. He's currently on a 13-game hitting streak, 25-for-53 and a .472 clip.

Ahead of Mays in the scramble for the batting crown are:

Defending champion Tommy Davis of the pennant-winning Los Angeles Dodgers—he's at .323 after two singles in three trips in a 1-0 triumph over the New York Mets. Sandy Koufax won his 25th in that one, and became the fourth pitcher in major league

history to strike out 300 in one season.

Dick Groat of St. Louis—batting .320 after two hits in five tries as the second-place Cardinals ended a six-game losing string by beating the Chicago Cubs 5-2.

Orlando Cepeda of the Giants—whacked a three-run homer in four appearances and has a .319 mark. His blow was matched by a three-run pinch hit homer by Don Demeter and a two-run shot by Johnny Callison in a seventh-inning rally that gave the Phils the victory.

Hank Aaron of the Milwaukee Braves—got his 43rd homer for a .318 average, helping Warren Spahn beat the Cincinnati Reds 9-5. Spahn, 22-7 for the year and with 349 victories in a magnificent career, also homered.

And Roberto Clemente of the Pittsburgh Pirates—went 1-for-4 in a 2-1 defeat at Houston and slipped to .318. The Colts took this one with a two-run uprising in the seventh after being blanked on two hits by Tom Sisk through six.

New York's American League champion Yankees took only one hour and 38 minutes to dispose of the Los Angeles Angels 3-1. Hard-throwing Jim Bouton warmed up for a World Series start with a seven-inning workout for his 21st victory, allowing three hits and facing only 15 men in his last five innings.

Bob Saverine, in his last game before starting a six-month Army hitch, got three hits and batted in two runs in leading Baltimore to a 10-2 romp over Chicago. White Sox rookie Gary Peters was rocked in his bid to become a 20-game winner.

Also in the AL—Ken Retzer, a .227 batter, rapped out four hits and knocked in five runs, leading Washington to a 6-2 victory over Detroit, and Ed Charles' sacrifice fly in the seventh inning delivered the clinching run as Kansas City

edged Boston 7-6. Minnesota and Cleveland were not scheduled.

Koufax worked five shutout innings in the Dodgers' close one over the Mets, with eight strikeouts extending his NL record to 306. The lone run in the game came in the first when Wally Moon and Tommy Davis singled, and Moon scored on a wild pickoff attempt by Roger Craig.

Major League Stars

By THE ASSOCIATED PRESS
BATTING — Willie Mays, Giants, lifted average to .317 with 4-for-4 performance with a triple, two doubles and a single in 6-4 loss to Philadelphia.

PITCHING — Sandy Koufax, Dodgers, won his 25th game in a 1-0 triumph over the New York Mets and brought his strikeout total for the year to 306, becoming only the fourth pitcher since 1900 to reach the 300-strikeout level.

Since 1945, Big Ten football teams have won 312, lost 137 and tied 19 games against opponents outside their conference.

New Football Rule Change Is Confusing To Coaches

NEW YORK — (AP)—The new National Collegiate Athletic Association rule regarding substitutions has officials and coaches as confused as most people who watch college football games.

It is aptly titled "Limited and Unlimited Substitutions." It is neither one nor the other and a little bit of each and at the wrong time. "The rules committee believed it was satisfying those who want free substitution, which means five of every six coaches, in the country," said Buff Donelli, the old pro coaching Columbia, in his office in John Jay Hall on Morningside Heights. "The committee members only succeeded in getting everybody all mixed up, including themselves."

THE PART OF the regulation causing the concern reads: "When the clock is stopped during a period, any number of substitutes may enter the game before the ball is next put in play except: "A. During the interval prior to the fourth down and during the interval prior to the down when Team B has been designated as Team A—no more than two substitutes of each team may enter the game before the ball is put in

play, whether the clock is running or stopped."

"What this means," explained Donelli, wrinkling his brow, "is that we have free substitution except on fourth down or on first down after the ball has changed hands, which is when I could be used to the greatest advantage. What good is unrestricted substitution on second and third down? It is most valuable to both sides when one of them loses possession of the ball."

COMPLICATIONS SHOWED up during spring practice. Milt Bruhn, the Wisconsin coach, told me that in his intrasquad game the teams played eight minutes in a period before he could send in replacements.

As though to ease the pain, the committee as late as July 16 decided that it would be permissible to substitute any number of players after a score by either team. This further complicated things.

"We no longer can send in one man after each play," pointed out Donelli, "and the number of time-outs has been reduced from five to four in a half. This could have a bearing on strategy when trailing teams lack time-outs to help them beat the clock."

"I don't know why the rules committee doesn't O.K. free substitution and have done with it. Perhaps it's because some of its members just don't want to play professional rules."

"The way things are now it is dangerous for a coach to build attacking and defending teams, which would improve play and enable college football to present a better game."

It's the same old story. The rules committee polls the coaches and then does precisely as it places.

If it makes sense, so does Fidel Castro.

JUNIOR LINE — Oklahoma trots out a forward wall composed entirely of juniors. They are, left to right, Rick McCurdy, right end; Glen Condren, right tackle; Newt Burton, right guard; John Garrett, center; Ed McQuarters, left guard; Ralph Neely, left tackle; and John Flynn, left end.

Tribe Starts Season's Last 4-Game Series

KANSAS CITY (AP) — The Cleveland Indians start on the end of the 1963 baseball trail tonight—and southpaw Tommy John is seeking his first major league triumph.

John is manager Birdie Tebbets' mound choice in the opener of the four-game final series, with the Kansas City Athletics. His opponent will be Moe Drabowsky, a veteran who has a 7-12 record.

John has lost his only two starts, both against Los Angeles. He's pitched in five games and in 14 1-3 innings has a respectable 2.51 earned run average.

The Indians still have a slim chance for fifth place, trailing the Detroit Tigers by 1½ games.

Sports In Brief

Cornell has had only five football coaches in the past 43 years. Columbia has a record of 14 victories, 11 losses and two ties in its series with Brown dating back to 1902. All other Ivy League schools hold an advantage over the Lions.

George Washington has won seven of 10 Southern Conference tennis titles since 1954.

Ted Williams of the Boston Red Sox was the first batter to hit a ball over the right field pavilion at Tiger Stadium in Detroit. He did it in 1939 as a rookie.

University of Houston football has come a long way since the Cougars lost their first intercollegiate football game to Southwest Louisiana Institute in 1946. Last season, they defeated Baylor, Texas A & M and Miami of Ohio in the Tangerine Bowl.

The Washington Senators have topped the million mark in attendance only once. They attracted 1,027,216 fans to their home park in 1946.

Stan Musial is the first major league baseball player to play 1,000 games at each of two positions. He has played more than 1,000 at first base and 1,800 in the outfield.

FUNERAL SERVICES SET
MIDDLETOWN, Ohio (AP) — Funeral services for Jana Kemplin, 2½, have been set for 10 a.m. Saturday.

Jana, daughter of Mr. and Mrs. Vernon Kemplin, Springfield, apparently choked to death on some beads Tuesday.

NEW ARMORY PLANNED
CONNEAUT, Ohio (AP)—Work will begin this week on a \$35,000 armory building to house Company C of the Ohio National Guard's 137th Tank Battalion. William J. Chicacelli, contractor and owner of the one-acre site, said Wednesday.

Man In A Hurry

By J. L. BOTTLE

NEW YORK (AP)—“I think of life as a struggle,” said Sidney Poitier, “and a struggle at the core of which is man's effort to fashion order out of chaos.”

“Because he has a mind and a brain, he is predestined to this struggle eternally.”

At 39 Poitier, a man who says he “had to live in a hurry,” is rated by many as the world's greatest Negro actor.

Although he feels that personally he is the exception to racial discrimination in the theater—“if there is an exception”—Sidney has taken a leading role in the fight against segregation.

“I have to be active in it,” he said, “because I believe that out of that chaos must come social order. And part of that order will be integration.”

Poitier's own life has been a victorious struggle against ignorance and poverty. Raised in barefoot and happy freedom on an island in the Bahamas, he came to this country at the age of 15 after only one year of formal schooling.

Before he joined the Army, which trained him in physiotherapy, Sidney worked as a longshoreman, ditch digger, pin boy in a bowling alley, truck driver, store clerk and parking lot attendant.

It was after leaving the service in 1940 that he decided to become an actor. He set out in an intensive program of self-education, listening to the radio to improve his pronunciation, endlessly reading and studying the dictionary to build his vocabulary.

He worked as a janitor to support himself while taking acting lessons.

“It was lonely work, and I hate loneliness,” he recalled. “But loneliness has been my partner all my life — and still is to some extent.”

“I don't lead a social life. I don't go to dances or night clubs. I am as much of a recluse as I can be and not have it too noticeable. My greatest recreation is doing things with my three children.”

Poitier won recognition from critics in such stormy pictures as “The Defiant Ones” and “The Blackboard Jungle.” In his latest film, “Lilies of the Field,” he plays a low-key role as a wandering workman who comes to the aid of five refugee nuns trying to build a chapel in the Arizona desert.

“I've been the angry young man for too long,” he said. “I want now to do pictures that make people feel glad they're human—and that point out being alive is fun.”

The Doctor Says

By Dr. WAYNE G. BRANDSTADT

'Premies' Not Ready To Take on World

(Third of five related articles.)

If your baby weighs less than 5 1/2 pounds at birth, regardless of the duration of pregnancy, he is considered to be premature. This is because such a baby requires special care if he is to survive. Babies that weigh less than 3 1/2 pounds can rarely be saved, and even if they are saved they have a very poor chance of de-

veloping normally. For the babies whose birth weight lies somewhere between these two figures the first month of life, and especially the first week, are extremely hazardous.

NONE OF THE BODY systems in the premature are developed to the point where they can readily adjust to life outside the mother's body. This is especially true of the breathing system.

Because the reflex mechanism that makes us cough is weak in the premature infant, he may inhale mucus or milk and develop pneumonia. Furthermore, his di-

aphragm and other muscles necessary for breathing are weak. This is the reason that such a baby must be supplied with oxygen. Careful adjustment of the oxygen supply is essential because we now know that too great a concentration is the cause of a disease of the retina that in the past caused blindness in many premature babies.

THE DIGESTIVE TRACT of the premature is also poorly prepared to take on the necessary job of converting food into blood. The baby's sucking and swallowing reflexes are weak and the strong digestive juices needed are also inadequate.

For this reason, no attempt should be made to feed a premature until he is at least 12 hours old. Many of these infants are fed nothing for 24 hours and then are given only glucose or lactose solution by means of a medicine dropper.

ANOTHER SPECIAL hazard of the premature is an increased fragility of the blood capillaries. This may result in spontaneous hemorrhages anywhere in the body. The premature is born with a deficiency of vitamins C and K. Supplying these vitamins helps to control this tendency to hemorrhage.

The premature needs skillful care if he is to survive. An incubator is essential because his heat-regulating mechanism has not fully developed. Every precaution must be taken to protect him from infection. Thus, when he is able to take milk, his mother's breasts should be pumped

and the milk taken to him in the nursery. Transporting him from the nursery to the mother would incur too great a risk of exposure to infection.

Ole Miss Ousts Negro Student For Carrying Gun

OXFORD, Miss. (AP)—The University of Mississippi has again become an all-white school with the ouster of Cleve McDowell.

McDowell was a second-term law student until Tuesday when the school expelled him for carrying a gun.

Asked about the decision as he left campus for his home at Drew, some 60 miles to the southwest, the 21-year-old Negro replied "I have no emotions about it whatsoever."

McDowell faces a justice of the peace trial here Saturday on charges of carrying a concealed deadly weapon, a loaded .22 caliber revolver. Maximum penalty would be three months in jail and \$100 fine. He is free on \$250 bond.

Officers arrested him on campus Monday. The Student Judicial Council held a hearing Tuesday on charges that McDowell violated a university regulation against carrying arms on campus. McDowell and his attorney appeared before the council.

The student group recommended expulsion to Dean L.L. Love, who passed the recommendation on to Ole Miss Chancellor J.D. Williams. Both the dean and the chancellor concurred. McDowell had been the only

Negro at Ole Miss since James H. Meredith graduated last month. Unlike Meredith, he was not protected by federal marshals while on campus. Meredith's enrollment last fall set off rioting.

Real Estate Analyst Says Construction Slump Looms

COLUMBUS, Ohio (AP) — Legislation is out-distancing demand in the housing field and a slump in private construction may be in the offing, according to a prominent real estate analyst.

James C. Downs Jr., head of the Real Estate Research Corp., Chicago, told this to the 54th annual convention of the Ohio Association of Real Estate Guards in Wednesday's session. The easy availability of financing money, Downs said, has a lot to do with the oversupply of buildings.

He forecast a construction decline for next year but said it should be of only temporary duration in view of a good general business climate and relatively stable prices.

Another speaker, William R. Van Aken, urged the Ohio realtors to work actively in politics to fend off proposed fair housing legislation.

Van Aken, general counsel for the convening association, said the fair housing bill introduced without success in the Ohio General Assembly this year was the "most vicious of its kind." He accused "certain politicians" of trying to win the votes of minority groups by attacking "the rights and privileges of property ownership."

Van Aken said the bill would give the Ohio Civil Rights Commission powers of investigator, prosecutor, judge and jury in case of homeowner accused of discrimination.

Three groups affiliated with the association elected officers: Ohio Chapter of the National Institute of Farm and Land Brokers — John R. Hare, Bellefontaine, president; J. B. Strickland, Middletown, vice president; Irvin Vandemark, Ada, secretary-treasurer; and Dale Lockwood, Lima, representative of the Orab Board of Trustees.

Ohio Society of Industrial Realtors — Robert G. Denmead, Columbus, president.

Ohio Chapter, American Institute of Real Estate Appraisers — Stephen C. Morris, Cleveland, president; John McClure, Painesville, treasurer.

THE NHU LOOK — Mrs. Ngo Dinh Nhu, First Lady of South Viet Nam, drapes material and checks effect in mirror during shopping tour of Rome, Italy. The sister-in-law of President Ngo Dinh Diem of South Viet Nam, is on a private visit to the Italian capital with her 18-year-old daughter.

Extradition of Zirwas Sought

WARREN, Ohio (AP) — Extradition proceedings to return 25-year-old David Zirwas from Las Vegas to face first-degree murder charges have been started by Trumbull County Prosecutor Lynn B. Griffith Jr.

Zirwas is charged in the slaying a week ago of Ben Krawiecki, a Youngstown vending-machine company employee, on a Niles street. Zirwas, who started a one-man crime spree that also included robbery and rape, police said, was arrested Monday night in the Nevada city.

'Danny Kaye Show' Premier Was Generally Entertaining

By CYNTHIA LOWEY
AP Television-Radio Writer
NEW YORK (AP) — The product — and the only one — of a comedian is the laughter of his audience. Danny Kaye is a great comedian because he can evoke laughter in so many different ways.

Wednesday night in his premiere show on CB, the red-haired pixie sang an amusing song with a pantomime accompaniment by a high stool that magically followed him around the stage. Then he followed up with a sketch that went on a little too long about a nervous man on his first plane ride.

The big production number was a demonstration of how a baseball song would be written by Lerner and Loewe, Leonard Bernstein and Meredith Willson.

One sketch about an instrumental group was slapstick that did not come off at all. But generally it was a delightful show with a nice easy swing to it.

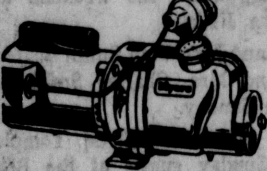

The kindest thing one can do for "Glynis" the other CB premiere of the evening is to ignore it and hope that it will go away — quietly.

An alleged mystery comedy, it was so broad and silly that one felt sorry for capable Glynis Johns and handsome Keith Andes, its stars.

For the first time in almost two weeks, there will be no new programs making their debuts tonight. However, CB's "Password" starts its season on a new night and hour (7:30-8 Eastern Daylight Time) with Lucille Ball and her husband, Gary Morton, as guest players. Both NBC's "Dr. Kildare" and CB's "Perry Mason" have season premieres. Perry will perform his courtroom tricks an hour later this season (9-10).

FICTION
TO BUILD A SHIP by Don Berry. Strictly a man's story, this is laid in Oregon in the 1890's when only a few white men had come to Tillamook Bay. Their only means of trade and contact with the outside world was one ship. No others would try to enter the harbor. The captain died, so they decided to build their own ship. Only one of them knew how they had plenty of other trouble besides, so the whole story is full of excitement and tension.

RAGS OF GLORY by Stuart Cloete. A big novel about the Boer War in Africa. The author is descended from people who fought on both sides, he has lived with aged soldiers who took part in it. He uses many characters and their many stories are interwoven to form a tapestry of the entire war. He spent ten years writing the book, many more thinking about it beforehand. Several of his previous novels about Africa have had enduring popularity.

STATE OF POSSESSION by Edith de Born. When a Belgian masseuse receives a letter claiming that the young man she calls her son is actually the son of an English woman, she is very much upset. The unraveling of the mystery makes a good story.

IN THE NAME OF LOVE by Josephine Lawrence. A story about parents who strive to send their children to college whether the children want it or not, whether they are fitted for it or not, or whether or not it is financially possible for the family.

THE MARQUIS by Joan Sanders. The court of Louis XIV of France is the background for this story of a man who insisted on being upright in the midst of all kinds of immorality (the Marquis, of a woman who was eternally a flirt with an eye to the main chance (his wife), and the King who was complex, charming and arrogant.

NANTUCKET REBEL by Edward A. Stackpole. A novel of pre-Revolutionary and Revolutionary days in America in which most of the characters are Quakers. There is the struggle within every one to decide whether to remain loyal to England or to side with the Patriots or to remain neutral. The hero finally decides to join the Patriots and becomes a sailor on a privateersman in spite of being in love with a Tory girl. We follow him all through the war.

THE BOTTLE FIGHTERS by George W. Willis. This is a detailed and realistic story of a man's fight against alcoholism. It told in the form of a novel, but the author lived through all of it himself. He hopes that he can help others with this book.

THE TENANTS OF MOONBLOOM by Edward Lewis Walant. Norman Moonbloom collects rents from four apartment houses—houses which are in very bad repair—for his brother, who wants all the rent as profit. He rebels and tries to help all the tenants. His private crusade is inept and funny, also doomed to failure. Well-written but not for those who wish realism excluded.

NON-FICTION
THE GENTLE ART OF LEXICOGRAPHY by Eric Partridge. Mr. Partridge tells of the skills and decisions a writer of dictionaries must have and make and of the various ones he has written.

SPELLING SELF- TAUGHT,

edited by Lester Basch and Milton Finklestein. A book which is arranged on the same principle as the teaching machine. It compels you to learn the rules and reasons for words being spelled as they are, and so will help with many more words than are included in the text itself.

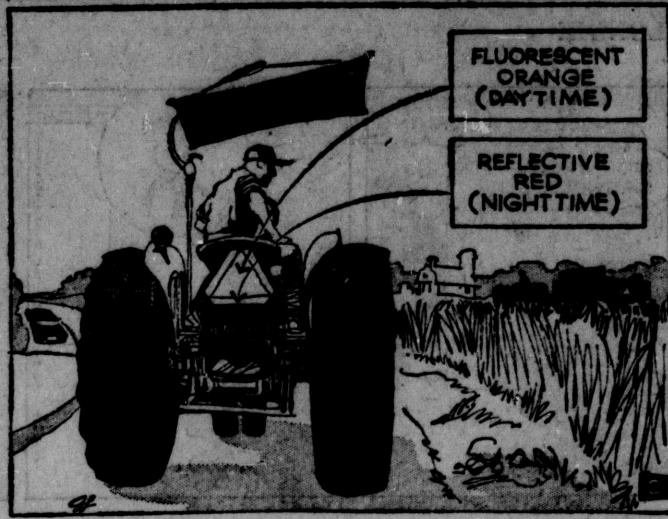

THE COMPLETE GUIDE TO HOUSE-HUNTING by Tyler Stewart Rogers. The author covers a great many eventualities in this book, and seems to give sound advice about all of them. First he tells how to decide whether to buy, build or rent. Then he goes into the matter of what to look for in the various types of housing to be found. No one should find himself in poor housing if he reads this book carefully.

A PLANET CALLED EARTH by George Gamow. In this book, Dr. Gamow tells us the latest findings and theories which conjure up the life history of the earth—its origin many millions of years ago, its growth, and its eventual death millions of years hence.

BETWEEN YOU AND ME by Louis Nizer. The author of the very popular "My Life in Court" is known as a fine after-dinner speaker as well as a competent lawyer. In this book he tells a lot of anecdotes, something more of his life and short anecdotes about many well-known people of today.

CONTEMPORARY ITALIAN POETRY edited by Carlo L. Golino. The author is Professor of Italian at the University of California. The volume is paper covered and helps fill out this library's collection of modern literature.

A HISTORY OF FINLAND by

"SMV" SPELLS SAFETY—A new identifying symbol is taking some of the hazard out of driving in Ohio. The SMV (slow moving vehicle) emblem, designed by agricultural engineer Kenneth A. Harkness of Ohio State University, serves as an unmistakable warning to other motorists. Designed to be used on such slow vehicles as farm tractors, highway construction vehicles or animal-drawn vehicles, the emblem is a 14-inch high triangle colored fluorescent orange in the center for daylight utility and reflective red around the border for night activity.

Eino Jutikkala, Finnish history has a long and intricate pattern. The people are the product of a blending of many strains, she has been conquered over and over again. But at last she has achieved autonomy and we admire her for the way she stood up to Russia in World War II. The author is Professor of History at Helsinki University.

A NATION SO CONCEIVED by Reinhold Niebuhr and Alan Heimert. This is an exploration into how we got where we are as a nation and what we must do as a nation to better resolve the bad situations we find ourselves in.

THE SOUTH AND THE SOUTHERNER by Ralph McGill. One of the most honored newspaper editors in this country, and one of the most courageous in speaking out on what he thinks is morally right—Mr. McGill is a Southern-born and bred and here he

the well-known entertainment personalities who were his father's friends.

BY QUENTIN REYNOLDS, an autobiography. War correspondent, author of many colorful books, friend of many great men—Quentin Reynolds remembers his own life and tells of it in his own inimitable style.

NORTHWOODS DOCTOR by Bill Trent. A vivid and warm biography of a doctor whose personal life tragedy nearly ruined his career until he found a niche where needs were so great that he could not resist working constantly. There he found peace and also personal happiness.

The '64s from Ford are here: The Year of the Test Drive starts today!

Ford cars have changed. Only a test drive can tell you how much. Races and rallies, economy runs, braking and acceleration tests have bred into our 1964 models the kind of total performance you just can't create on the test track alone. They are hard-muscled, fast-moving, sure-footed. Open competition helped make them that way. They offer you substantially more car than anything at their price. You don't have to take our word for it. We're willing to rest our case on our cars.

TRY TOTAL PERFORMANCE FOR A CHANGE!
FORD
 Falcon-Fairlane-Ford-Thunderbird

1964 SUPER TORQUE FORD
 Strongest, smoothest, steadiest car in its field—by hundreds of pounds... More steel in frame and suspensions... Unique suspension system allows wheels to move backward as well as up and down to flatten bumps... Distinctive new rooflines.

1964 FAIRLANE
 Unique combination of family-size room, sports car feel and modest price... Optional 289-cubic-inch V-8 so lively it was adapted for famous Cobra sports car... Five engine choices, six transmission choices, eight different models.

1964 FALCON
 Everything's changed except the economy that made Falcon famous... Falcon's Six still holds all-time Mobil Economy Run record for Sixes or Eights... Plushest ride ever built into a compact car... 14 models—plus three extra-duty wagons.
